GOOD TO KNOW!

- Do not move anyone who is hurt (it could make their injuries worse).
- Take photos (preferably before vehicles are moved)
- If it's safe to do so, move your vehicle to the side of the road, out of traffic, and turn on your hazard lights.
- “Be careful of unauthorized tow truck operators pressuring you to have your vehicle towed, demanding immediate payment for the tow, or attempting to take your vehicle to a garage or body shop of their choice. They may try to use the confusion of the moment to intimidate you into allowing your vehicle to be towed. If you feel you are being pressured, **ask the police for the name of an authorized tow truck operator and have your vehicle towed to a Collision Reporting Centre** or auto body shop of your choice until you can talk to your insurance company.” Financial Services Commission of Ontario (FSCO)
- Before authorizing repairs or renting a vehicle, confirm with your insurance company what coverages you will have given the circumstances of this particular accident, and if any limits apply to those coverages.
